

Starry Night Treasure Hunt for Ages 5–6

Picture clues — no reading needed · about 20–30 minutes · 1–6 children

You need

- this printout — thicker paper works best
- scissors and some tape
- 8 envelopes
- a treasure: sweets, stickers or a small toy

How it works

1. Cut out the 8 cards, the 8 labels and the 8 jigsaw pieces.
2. Stick a label on each envelope. Put card 1 and jigsaw piece 1 into envelope 1, card 2 and piece 2 into envelope 2, and so on.
3. Hide the treasure in a cupboard and envelopes 2 to 8 at the places on the hiding plan. Keep envelope 1.
4. Hand over envelope 1. Read the line on each card aloud — the picture shows where the next envelope is.
5. Each envelope holds a jigsaw piece. Lay the 8 pieces on the puzzle board: they show the treasure!

Tip: no doormat or houseplant? Swap a picture card for a place you have and point the children there.
